Subject: RE: FW: DI-2 TDS Calcs

The Admire TDS analysis from the DI-1 and DI-2 logs are in tables A2 and A3 in the report I just sent.

I will put together a map of the Dakota wells.

Please see my past March emails. There are 2 other outstanding requests:

1. Location of Dakota wells
2. Analysis of the Admire at DI-1.

Hi Wendy,

Here is the latest report on the TDS levels for the DI-2 well.

Please let me know what you think about this issue as soon as possible as the District would like to begin injecting soon.

Pat OBrien
